Disclaimer:

Prospective clients are expected to carefully consider all relevant risk factors, including financial conditions, risk-return profiles, tax implications, and more. Prospective clients should understand that past performance or the name of a portfolio or any similar product does not guarantee future performance of such products or portfolios.

Additionally, prospective clients acknowledge that all such products are subject to various market risks, settlement risks, economic risks, political risks, business risks, and financial risks. It is advised that prospective clients thoroughly review the terms of agreements and fully comprehend the risk-return profile of any security or product offered by **AMPL Asset Management** or any other service provider before making investment decisions.

It is also recommended that prospective clients seek professional legal and tax advice before deciding on any investment or disinvestment. **AMPL Asset Management** may have financial or business interests that could affect the objectivity of the views expressed in this presentation.

AMPL Asset Management does not guarantee future performance or any specific level of performance for its products or those of third-party service providers. Investments in any products, including mutual funds or third-party offerings, do not assure that the objectives of the products will be achieved. **AMPL Asset Management** is not liable for any losses clients may incur based on investment or disinvestment decisions made from communications, information, or recommendations received from **AMPL Asset Management** regarding any product.

Furthermore, **AMPL Asset Management** is not responsible for losses arising from incorrect or misleading instructions given by clients, whether orally or in writing. The data shown for past performance is as uploaded on the SEBI website. Individual performance may vary depending on the date of onboarding.

This document has neither been approved nor disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of its contents. Clients have the option to onboard **AMPL Asset Management PMS** either directly or through our distributor.

For more information on risks and to access the Disclosure Document, please click the Disclosure Document link. Securities investments are subject to market risks. Please read the Disclosure Document carefully before investing.

Please note that the performance of your portfolio may vary from that of other investors and from that generated by the Investment Approach across all investors due to:

1.Timing of inflows and outflows of funds, and
2. Differences in portfolio composition due to restrictions and other constraints.
